Many teachers claim to be experts at getting a job. Check their IMDB credits and see if they know what they're talking about. Duane is my favorite collaborator. You can't lose in his class!
– Dan Roebuck, Actor - Lost/The Fugitive/Matlock

To learn from the experience of a very talented actor who has worked consistently in the industry for twenty-five years is invaluable!
– Jeff Burr - Director of seventeen feature films including the critically acclaimed Straight into Darkness.

Duane's passion for the craft is infectious. His insights into the business combined with his actual working experience has helped me sharpen my on-camera technique and develop confidence in my abilities beyond my highest expectations.
